# SHARENET

## Your ATM Partner

Running ATMs is all about proper management. Some financial institutions work to run a 100% in-house network. Others juggle a group of vendors. But a growing number of credit unions and banks are turning to professional companies to manage their ATM operations.

### Benefits Include:

- **Reduced Regulatory Burden & Increased Security**
- **Lowered Maintenance Costs**
- **Improved ATM Performance & Functionality**
- **Consolidating Tasks & Freeing Up Employee Time**
- **Freeing Up Capital**

Outsourcing with Sharenet saves you both time and money, while providing industry leading service. Using our decades of ATM-focused expertise, Sharenet manages and optimizes ATM operations – down to the smallest detail. Our program can help you save time, repurpose staff to more profitable endeavors, increase uptime, eliminate ATM related capital expenses, and guard against compliance and security concerns.

# The Sharenet Difference.

## One Vendor. One Phone Call.

With Sharenet as your ATM partner there is no need to manage multiple vendors. One phone call, one text or one email is all it takes – because we provide a complete turnkey solution to meet all your ATM needs.

Whether you are looking for a reliable ATM partner to manage your branch and off-premise ATMs or a complete outsourcing solution that will allow you to take your ATM fleet completely off your books, Sharenet has the right program for you.

In business since 1994, Sharenet has the capital to purchase large ATM fleets with the added benefit of knowledge and relationships with multiple manufacturers including Diebold Nixdorf, Hyosung and NCR. Our experts have decades of experience with financial institution machines, giving us the ability to run ATMs at the highest level possible and more efficiently – with the same focus on user experience, availability and satisfaction.

Sharenet leverages its large portfolio of owned and operated machines to deliver better equipment and service at better prices – and passes those savings onto you. And, with our compliance guarantee and proprietary reconciliations system, you'll always stay compliant and enjoy automated ATM reconciliation – including an audit trail and tracking system.

## With Sharenet as your ATM Partner, you Benefit with Custom Options:

- Expanded Brand Reach
- No More Compliance Worries
- Maintenance Services You Can Count On
- ATM Reconciliation Made Easy
- No Need to Load Cash
- No More Juggling Multiple Vendors
